### **Week 1: June 25 - 29**

#### **Artisans and Healing**

World culture and histories come alive through art! Campers will learn about various artists, eras and techniques while exploring valuable skills associated with the healing power of art in daily creations.

### **Week 2: July 2 - 6 (\$220, no camp Wed, July 4)**

#### **Fantastic Fiber Fun**

Learn life skills like sewing (you need it more than you think!), and create structure and pattern from fiber through techniques such as wet felting, natural dyeing, batik and shibori.

### **Week 3: July 9 - 13**

#### **Cosmos & Crystals**

In the mineral kingdom, crystals wear the shiniest crowns, echoing the stars above. This week we'll combine the two, exploring land formations and constellations. Activities will combine the elements of earth, air, water, and fire.

### **Week 4: July 16 - 20**

#### **Magical Mediums of Mega Art**

Work big and bold this week! Using the fundamentals of drawing and sculpture, transform materials such as upcycled objects, items from nature, and clay into exciting new artistic creations. Tap into creativity and sustainability while learning to create art from anything!

### **Week 5: July 23 - 27**

#### **The Power of Art**

Learn to navigate the labyrinth of a sometimes-confusing inner world by moving your body and shifting your mind through nature and music. We'll work on social health by answering the question: what does mindfulness mean in today's world? Discover the connection between your inner-self and the arts.

Plant seeds and begin your very own sunflower garden! This week focuses on the cycles of plant life through gardening activities and stories.

### **Week 2: July 2 - 6 (\$180, no camp Wed, July 4)**

#### **Little Chefs**

Learn to tend your health by making your own yummy dried fruit, yogurt pops and roll ups. We'll also bake, cook and share other ways of nourishing ourselves.

### **Week 3: July 9 - 13**

#### **Ship Ahoy!**

Look out, warm weather! We're rolling up our sleeves and making our own water vessels. We might even get splashed a bit, too!

### **Week 4: July 16 - 20**

#### **Nature and Animals**

We love animals and want to spend the entire week honoring them. Make bird feeders, sun wands and learn to sew a felt woodland creature!
