PATCH IT!!

AWS has iron-on patches available for purchase in School Store - \$4/ea! If you don't have an iron - bring your patch and item (to be patched) in to Ms. Wiley and we'll iron it on together!

CAMPUS NEWS & UPDATES

What is the most fun station at May Faire? Some would say reed boats! At this well-loved station children construct sailboats using cow parsnip reeds, waxed paper and melted crayon shavings. The fun continues when the boats set sail down a water course complete with obstacles and rapids. Can your boat make it to the end of the course? Sound fun? Be sure to visit reed boats at May Faire! Cost is 3 beans.

Register before April 15th & receive 10% off!

SUMMER CAMP REGISTRATION IS NOW OPEN!

Register by using the link below:

REGISTER BY APRIL 15 & RECEIVE 10% OFF

GRADE 1

The first graders have completed their second 500 piece puzzle! Here are some of the kids who worked on it. This is something we worked on before we started class, between 8:15-8:30. It's amazing how quickly something like this can come together when we all work together!

GRADE 2/3

**2/3 preparing for their play,
The Snow Queen, on April
14th from 11:30-12:30**

GRADE 4/5

Congratulations to the Grade 4/5 class for performing their play, the Epic of Gilgamesh this week! The students also finished up their second block of fraction study, learning how to multiply and divide fractions. We are celebrating their accomplishments with a field trip to the Alaska Rock Gym.

GRADE 6

Dear community,

Class 6 thanks you for your support of their fundraising efforts as they sold their spring baskets on Friday - hopefully these little oases of greenery brighten up your home until more greenery sprouts!

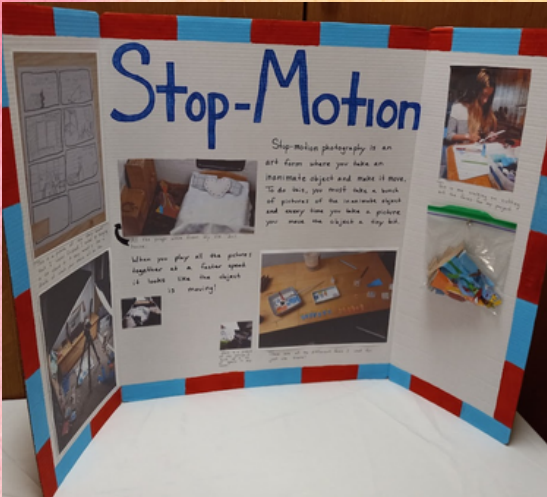

Our class is finishing off the year by studying the medieval time period. This is such an expansive period and our first introduction has come from our visiting intern Scott Misching who has brought some wonderful stories of the great African Kingdoms and their role in the saving of much of the great learning achieved in earlier times. Scott brings authenticity to this as he spent two years as a peace corp volunteer in Ethiopia and has loved this history.

with warmth, Shannon Herda

GRADE 8

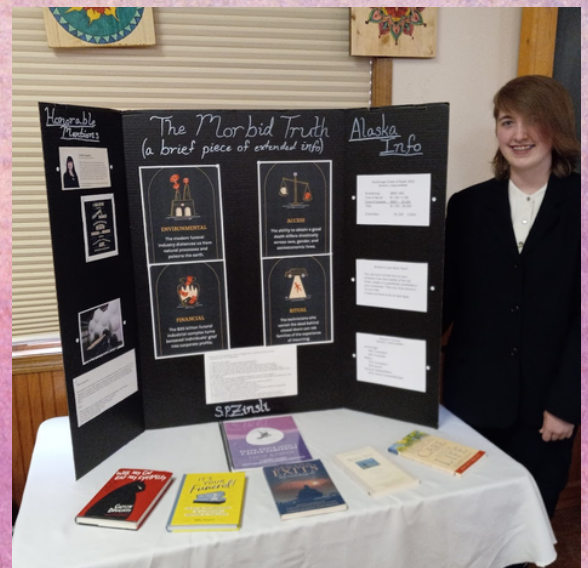

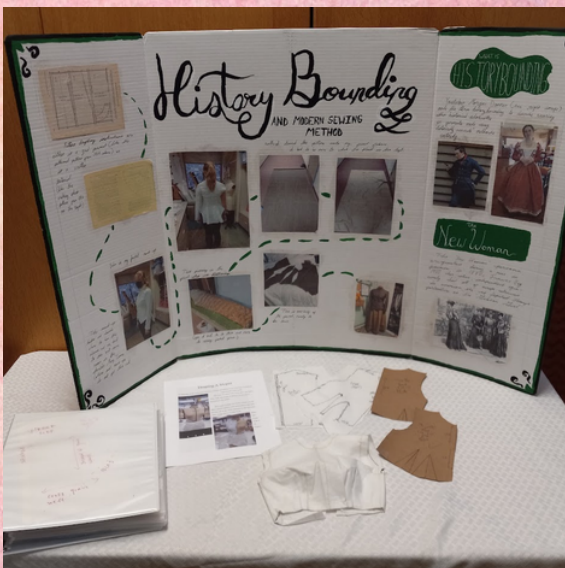

This week the 8th graders presented their 8th grade projects. I want to thank everyone who has helped these students on their projects, their success would not be possible without you. I also want to congratulate these students on their hard work over the last year completing these projects; the results are outstanding.

Ms. Spencer

- Aspen - Audio mixing and engineering
- Maria - 3-dimensional, layered octopus using graphic software and a laser cutter
- Sophia - research project and website tool for the funeral industry
- Hazel - remodeled an old shed into a tiny house
- Sierra - Made an animated movie
- Lucinda - used modern sewing methods to recreate an 1880's woman's silhouette

NEED A TUNE-UP?!

AWS IS PARTNERING WITH OFF THE CHAIN BICYCLE COLLECTIVE TO OFFER A FREE BIKE CLINIC!

SATURDAY, APRIL 23RD

DO YOU WANT TO LEARN...

- When to put air in your tires?
- How to fix a broken chain?
- How to achieve a proper fit?
- Basic tune-up skills?

MOBILE BIKE REPAIR SHOP AVAILABLE!

Off the Chain is a low cost, volunteer run, 501(c)(3) bicycle collective open to the Anchorage community. Off the Chain teaches people of all ages and backgrounds how to repair bicycles and strives to increase bicycle ridership, awareness, and safety through community service and education.
