Welcome!

Brandin Hamilton will be joining our AWS family as the 22/23 Grade 2 teacher! Mr. Hamilton has over 20 years experience working with children in many capacities. He has been a teacher, a coach and an athletic and summer camp director. We are so grateful he will be joining us.

Ashley Gose will be leading our upcoming Kindergarten class. She has been in our Waldorf Early Childhood community for over 5 years and brings love, experience, and compassion for all her students and families.

**Do you have construction experience or just want to help us construct our playground?
Please contact Tre-C at 907-333-9062**

Baxter Bog Signs are Up!

We made the mushrooms of the bog newly this year from Botany books.

AWS students have provided interpretive signs about Baxter Bog since 2009. Funded by the Anchorage Parks Foundation.

GRADE 2/3

2/3 opened the second week of May with five days of festivals. The children enjoyed traveling all around the world and exploring several spring festivals. We visited Japan's Hamamatsu Kite Festival and Children's Day (where we got to build our own kites), Mexico's Cinco de Mayo (where we got to eat some truly delicious tacos and learn the Mexican Hat Dance), the Islamic festival of Eid al Fitr (where we got to eat dates and try Henna), Thailand's Songkran Water Festival (a fun-filled day with water rockets and a water fight), and ending the week with the International Day of Families (where we got to enjoy a wonderful potluck with family members)

GRADE 6

Class six students was knighted last Sunday. The students have worked hard to complete ten hours of community service as well as their own heralds. They were knighted before their community and promise to uphold vows that they themselves have written. We then headed to Manitoba Cabin for an amazing adventure together! The students cooked for each other, took turns serving and cleaning up for each other and just enjoyed the beautiful surroundings of the Moose Pass area. I am so proud of their efforts together and I hope you have enjoyed seeing them leave their surroundings better off than they were!

with warmth, Shannon Herda
